

5310 Student Insurance Requirement

The Board of Trustees recognizes the importance of all students having accident insurance for their own, and their parents', protection. Campbell County School District students will be required to provide proof of medical and/or accident insurance before being allowed to participate in school-sponsored interscholastic sport-type activities at any level. Insurance coverage must include practice as well as competition.

Arranging for such insurance is the responsibility of the student and his/her parent or guardian. **Options for student insurance are available through school activity departments.**
