Dr. Brown reviewed the high school transition timeline. He also reviewed enrollment numbers with the board and stated that the steering committee would continue to monitor enrollment closely.

Mr. Eisenhower informed the board that the budget subcommittee is currently working with the activities department to determine start-up and ongoing costs for an activity program at Thunder Basin High School.

Mr. Eisenhower shared that construction of the new high school continues to go well. There is still a lot of work to do, but the contractors have two summers to complete the work. Estimated costs of the stadium should be available on Friday, March 25.

Mr. Hornby reported on the curriculum subcommittee. All course sequencing has been completed. The next step will be to take CTE and Social Studies courses to principals for approval. The subcommittee will begin with assessment alignment.

Mr. Wasserburger shared the progress of the identity subcommittee. Mr. Wasserburger explained the logo selection process to the board. The board asked Mr. Wasserburger to involve the identity subcommittee in the selection process. Mr. Wasserburger expects to be able to present the logo finalists to the board at the April 26 regular meeting.

Mr. Reznicek informed the board that the personnel subcommittee has been working to clean up the data and eliminate duplicate data from the surveys.
